

2010 Minnesota Camps to Careers

Arrowhead Region Young Adults

For young men and women with disabilities, Minnesota **Camps to Careers** offers a unique opportunity to explore and prepare for exciting, high-wage careers. The program lets high school students and recent graduates “try on” a career through hands-on projects on the shop floor or college classroom. Participants will tour modern manufacturing or health care facilities, among other fun activities, to help them make career decisions.

But the process doesn't stop when camp is done. Participants also receive the resources and guidance to take the next steps in their career development.

2010 Minnesota Camps to Careers for Arrowhead Region Young Adults will feature one Manufacturing Camp and one Health Care Camp.

Manufacturing occupations include skilled jobs in machining, metal and plastic processing, computerized machine operations and programming, tool and die making, tool grinding, welding, soldering, and many others.

Health care occupations include skilled jobs in nursing, laboratory, information technology, radiology, pharmacy, home health care, respiratory therapy, nursing assistance, and many others.

Start planning for next summer!

If you are a high school student who wants to explore manufacturing or health care careers, you'll want to participate in this exciting program. The program is designed for motivated young men and women who:

- Want to learn about career possibilities
- Enjoy hands-on learning
- Like to have FUN
- Want to reach their full potential!

2010 Minnesota Camps to Careers for Arrowhead Region Young Adults:

- Manufacturing Camp: M-Th, July 26-August 6, 2010
- Health Care Camp: M-Th, July 19-29, 2010

Cost

\$10 registration fee. All other costs of Minnesota Camps to Careers – including lunch each day are covered by Minnesota's *Pathways to Employment Initiative*: www.deed.state.mn.us/pte

Transportation

Limited transportation options to and from the camps will be provided, and will be based on where registered students reside.
